If you see any of our **major sponsors** from 2007, like Mid-America Wireless, The Jefferson City Board of Realtors, Missouri Rural Services, Mark and Susan Hinrichs, Bryan and Sharon Pope, Naught Naught Agency, Huber Orthodontics, HUG Chiropractic, The City of Jefferson, KRCG, Cumulus and Lowe's, thank them for letting the arts grow in your hometown. If it weren't for them our visual artists could not come here and the large artworks on the Jefferson City landscape would not exist. THANK YOU :-)

This visual art project entered Jefferson City with an uphill climb and in the 4th year of production became a top ranked festival in Missouri. Have you seen ART INSIDE THE PARK's most recent accomplishments on the Jefferson City landscape?

Fifteen student designs became sculptures in 2007 as the "Flower Power" exhibit (take the tour by downloading the art map at [www.atelier-cms.com](http://www.atelier-cms.com)). Our donors also subsidized the community's opportunity to see 15 visiting artists during the four day annual ART INSIDE THE PARK exhibit.

Even more importantly, at this year's opening of ART INSIDE THE PARK on **August 21**, 2008, you will have the opportunity to tour Jefferson City's first CONTEMPORARY ART MUSEUM! An amazing home for creativity, this environment has the potential to enhance our city's points of interest.

**You are essential to the continuation of our work!** Join us opening night of the **5th** annual ART INSIDE THE PARK at 6:00 pm for a light dinner and all the art trimmings. Live music and street art will be served by 15 local, regional, national and international visual artists just outside the museum at 830 East High Street. The festival will continue through Sunday, August the 24<sup>th</sup> within the prison walls, maps available at the Contemporary Art Museum. This is your opportunity to help with a financial contribution and enjoy an exceptional experience...
